**THE PRINCIPAL,**

**MAYO COLLEGE, AJMER.**

*Dated Mount Abu, the 30th September 1927.*

**SIR,**

I am directed to acknowledge the receipt of your letter No. 1574/11, dated the 14th September 1927, regarding the Annual Report on the working of the Mayo College for the year ending the 30th April 1927.

2. The Hon'ble the Agent to the Governor-General has read the report with much interest, and I am to express his appreciation of the satisfactory work done during the year under review. He considers that the results are quite as satisfactory as could be expected seeing how much the College is handicapped by the deficiency in the English staff.

I have the honour to be,

Sir,

Your most obedient servant,

*Secretary to the Hon'ble the Agent to*

FROM

F. A. LESLIE-JONES, Esqr., M.A., O.B.E.,

PRINCIPAL, MAYO COLLEGE,

AJMER.

TO

THE SECRETARY TO THE HONOURABLE

THE AGENT TO THE GOVERNOR-GENERAL,

RAJPUTANA,

MOUNT ABU.

*Dated Mayo College, Ajmer, the 14th September, 1927.*

SIR,

I have the honour to submit for the information of the Hon'ble the Agent to the Governor-General and Chief Commissioner, Ajmer-Merwara, the Annual Report of the working of the Mayo College for the year ending 30th April, 1927.

2. Annexure A. contains a list of the Members of the General Council and the Managing Committee of the Mayo College.

GENERAL COUNCIL  
AND MANAGING  
COMMITTEE.

The proceedings of the Managing Committee are dealt with in a later paragraph.

3. The following changes in the staff took place:—

THE STAFF.

Mr. S. F. Madden, O.B.E., Vice-Principal, Mayo College, returned from leave and assumed charge of his duties on the 11th October, 1926.

Lt.-Col. C. C. H. Twiss, D.S.O., was granted 10 months combined leave in continuation of Christmas vacation with effect from the 17th January, 1927.

Mr. W. Fanshawe, English Assistant Master, made over charge of his duties on the afternoon of 31st January, 1927, to proceed to Indore as Principal of the Duly College.

Major G. Howson, C.I.E., M.C., 2nd Lancers, was appointed English Assistant Master for 6 months from the 27th April 1927.

Mr. J. N. Bannerji, M.A., worked as Temporary Indian Assistant Master, in connection with the transfer of Mr W. Fanshawe, from 1st February to 26th April, 1927, on a salary of Rs. 400/- per mensem.

Pandit Hira Lal Joshi, B.A., was appointed Temporary Indian Assistant Master during the absence of Colonel C. C. H. Twiss, D.S.O., with effect from the 17th January, 1927, on Rs. 300/- per mensem.

Mr. R. S. Nanavati was appointed temporary Indian Assistant Master to assist the staff in teaching work from the 17th January, 1927, on Rs. 100/- per mensem.

The English Staff is not adequate for the needs of the College: a Principal with three assistants was at the time of the curtailment of expenses regarded as a minimum. Unless the College has an adequate English Staff, I fail to see how it is even to pretend to fulfil its aims.

4. The number of boys on the College roll at the end of last year was 136. During the year 33 boys left and 23 joined the College, leaving the total at the end of the year 126.

THE COLLEGE ROLL.

Annexure C. gives the names of the 33 boys who were withdrawn during the year, their ages, States and the period of their stay at the College.

The others were withdrawn on account of age or for domestic reasons.

AVERAGE NUMBER,  
AGES AND  
ATTENDANCE.

5. The following table gives for the last 11 years (a) the number on the College roll at the end of the year (b) the daily average number on the roll and (c) the daily average number present:—

Year.	Number on the roll at the end of the year.	Daily average number on the roll.	Daily average number present.
1916-17	143	139.21	127.54
1917-18	120	121.63	107.40
1918-19	112	107.77	94.54
1919-20	110	105.55	95.94
1920-21	108	103.90	95.91

1925-26	136	131.72	119.48
1926-27	126	125.20	118.64

The daily average number absent with leave is 5.75 as against 10.84 last year.

Annexure E. contains a table giving the number of boys arranged according to classes with their ages, length of residence and the maximum, minimum and average age in each class.

The average age of each class is given below:—

				Years.	Months.
Post-Diploma Class 3rd year	...	...	...	23	9
Post-Diploma Class 2nd year	...	...	...	20	11
Post-Diploma Class 1st year	...	...	...	19	9

The above figures are fairly satisfactory.

The average age of almost any given class is raised by the unavoidable admission of boys who have either had no education at all—or whose education has been defective.

HEALTH

6. The health of the College was well maintained.

The daily average number of boys sick was 2.52 and the daily average percentage of sickness was 2.01.

There were one case of appendicitis, one of chicken pox and three of paratyphoid fever.

I deeply regret to report that Kanwar Sawai Singh of Danta, Mahikantha, died in the Railway Hospital after a successful operation for appendicitis by the Civil Surgeon. The cause of his death was not really known.

Kanwar Kishore Singh of Khilerian, Bikaner, I also deeply regret to report, died of tuberculosis after having been removed to a consumptive nursing home. His premature death is to be deplored in that he was quite one of the most promising boys in the

## House gardens.

The prizes for the House Gardens were adjudged by Mr. and Mrs. Twynam and Mr. W. E. Shipp who awarded Her Excellency Lady Willingdon's Cup for the best House Garden to the Ajmer House.

At the Ajmer Flower Show the College gardens secured 35 prizes:—

## Monitors.

The Monitors were 5 in number. They were:—

Kanwar Balbir Singh of Bharatpur.

H. H. Raja Vikram Singh of Narsingarh, C. I.

Kanwar Bijai Singh of Batera, Mewar.

Kanwar Shivrath Singh of Alwar.

Bhanwar Ram Singh of Partabgarh.

The Monitors I think proved themselves to be trustworthy and their influence was for good. The initiative however which is to be found in an English Public School boy in a similar position is looked for in vain in his brother in the Mayo College.

- (1) With regard to the application of Mr. L. N. Andrade requesting permission to build a road and culvert on the Mayo College land on the South side of the Alwar Gate approach road, the Committee decided that the permission asked for could not be given.
- (2) With regard to the application of Pandit Shanker Lal late Acting Shastri requesting that he may be granted the full pay of the post of Shastri from 1st December 1925, the date of retirement of Pandit Bulaki Ram Shastri to 25th October 1926 the date of appointment of the new Shastri the Committee decided that though the claim of Pandit Shanker Lal could not be admitted, a bonus of Rs 200/- should be given to him as an act of grace in view of his good service while holding temporarily the office of Shastri.

- (3) With regard to the application of Havildar Tota Singh, Gymnastic instructor, requesting an increment in his pay the Committee decided to raise his pay from Rs. 45/- to Rs. 50/- from the 1st of April 1927.
- (4) The Committee considered and approved the Budget Estimate of the Mayo College Fund for 1927-28, as amended.
- (5) The Committee considered and approved the Budget Estimate of the Post-Diploma Course Fund for 1927-28.
- (6) The Committee considered and approved the Budget Estimate of the Play and Medical Fund and Games and Stationery Fund for 1927-28.
- (7) The Committee considered the statement of receipts and expenditure of the Mayo College General Improvement Fund for 1926-27, and decided that out of the balance a sum of Rs. 5,000/- should be allotted for the purchase of a pump and filter for the new well and for laying lines for the distribution of water.

The Committee instructed the Principal to charge the sum of Rs. 220/- taken from the Fund to meet the loss of that sum stolen from a Chhaprasi at the Imperial Bank to the head Miscellaneous of the College Fund. As the money was really the property of the Banganapalli State, the Principal was instructed to suggest to the Nawab of Banganapalli that he should bear half the cost of the loss. He was further asked to inform all those who remit money to the College in support of the various accounts controlled by the Principal that such sums should be sent direct to the bank, and that if they are sent to the Principal, the College will not hold itself responsible for their safe transmission to the bank.

13. I think as good a year's work as could be expected with a depleted English Staff was accomplished.

CONCLUSION.

As the question of the constitution of the College and the recruitment of its Staff is shortly to be considered by the Governing Body—it would be futile again to labour on the subject of this fundamental weakness.

I take this opportunity of recognising the assistance rendered to me by my staff: I am especially grateful to tutors, among them Col. G. M. Ayscough, who have given voluntary help.

I have the honour to be,

Sir,

Your most obedient servant,

F. A. LESLIE-JONES,

*Principal, Mayo College, Ajmer.*

## ANNEXURE O.

### Inspector's Report on the Mayo College.

*(Inspected on March the 23rd, 1927.)*

**Finance.**—The financial position is at present very satisfactory. The income from securities is nearly Rs. 50,000 per annum, from fees some Rs. 25,000/-, from the post-diploma class about Rs. 17,000/-. The balance is made up of miscellaneous receipts. There is an annual balance of about Rs. 10,000/- but this is contingent on the annual subscriptions towards the post-diploma department being forthcoming. These amount to a sum over Rs. 20,000/- and there is no guarantee that States will always continue to pay these subscriptions.

**Staff.**—Two members of the European staff are being lost during the present year; Mr. Fanshawe has gone to Daly College and Colonel Twiss goes as tutor to Jaipur. In place of the latter Mr. Ritchie is being transferred from the Aitchison College, Lahore, and in place of the former Major Howson is being temporarily engaged. Mr. Leslie-Jones anticipates considerable difficulty in carrying on the work of the post-diploma class without either Col. Twiss or Mr. Fanshawe for help in the English work. There are now quite a number of boys, about fifteen, doing post-diploma work. The question of the recognition of the post-diploma has been referred again to the Allahabad University and their reply is still being awaited. A new Pandit has been appointed for Sanskrit otherwise there have been no changes in the staff of Indian Masters.

**Work.**—I was not much impressed with such of the work of the Indian staff as I saw. Mental arithmetic is obviously neglected. Mathematics is not made of interest with the result that the majority of boys take administration in preference to mathematics for the diploma examination. Work in drawing is extremely slow as I have pointed out before. Very ordinary exercises take three or four periods for execution.
